07 OCT 1994

From: Commanding Officer, Naval Amphibious Base Little Creek  
To: Commanding Officer, School of Music

Subj: FORMER PLATING SHOP (BUILDING 3051) REMOVAL ACTION

Ref: (a) NAVPHIBASE LCREEK ltr 11010 Ser N462/2858 of 29 Oct 93  
(b) NAVPHIBASE LCREEK ltr 11010 Ser N462/291 of 31 Jan 94

1. Reference (a) discussed background and preliminary information concerning a planned removal action at the former School of Music plating shop located near Building 3051. Reference (b) discussed specific details of the removal action that may be of interest or concern. Due to lengthy delays encountered with contract administration and regulatory review, construction was delayed. The items of concern regarding this project have been resolved and we now anticipate field work to begin in late October/early November 1994. The construction activity should last for a duration of approximately three weeks. Once the exact date has been determined, you will be notified by a member of my environmental staff.

2. You will be kept informed of all pertinent information concerning this removal action as it becomes available. If you have any questions or require additional information, my point of contact is Richard Stryker at 363-4571.
